

Rewarding & Unique Travel Adventures in South America

Hola amigos!

Hi All

It was very nice seeing you all recently at the Turismo Chile Roadshow. I hope you enjoyed the pisco sours as much as I did ;)

As you are probably aware, the new Lares trek from Mountain Lodges of Peru launches next week and I can't wait to get the professional pictures of the Lamay & Huacahuasi lodges so I can share them with you. In the meantime, I would like to show you the latest design renders from the Huacahuasi lodge. Also, a lot of you have asked me what are the main differences between the Salkantay & Lares treks, so I thought I would share with you a comparative chart of both treks. Hopefully you find it useful.

In another news, Hotel Las Torres Patagonia has a very special promotion only for Australian passengers so have a look at the article below to find out more.

And finally, for those of you traveling to TravelMart, have a safe trip and enjoy Salta! I wont be attending this year and will actually be on holidays during September, so talk to you on my return in October.

All the best, Bec

Defin Amazon Cruises

Delfin Tops Fodor's Travel's Top 5 Amazon River Cruises Ranking

In June, Fodor's Travel named Delfin as its top choice in South America for sailing in the Amazon. Noting especially our expert and experienced naturalist guides, Delfin earned a higher ranking than other vessels that sail along the rainforest's waters

Nauta residents and Delfin team work together to paint local homes

On July 27, Nauta town residents and a team of Delfin crew worked hand in hand to give local homes bright and cheerful makeovers. Amid a fresh rainbow of reds and greens and purples, they also cleaned up the streets of trash. These new looks aim to help Nauta residents better enjoy their community, especially with more pride and unity. Not least, a more beautiful neighbourhood makes for a more pleasant place for children and to raise healthy families.
